

Jahr	Plant	Work performed
2016	Biel	Replacement wet deslagger / ash hopper / grate drive
2015	Nijmegen OL2	Modification water cooled side box
2015	Oftringen	Modification see > Projects Design Manager > Furnace Construction Work Area
2015	San Vittore L1	Modification new furnace grate, width from 6.0 to 6.3 meters
2013	Bydgoszcz L1 + L2	New plant
2013	Pinneberg L1+ L2	Modification feeder side parts li+re, rear wall, deflection beam
2012	Pinneberg L1 + L2	New grate bars, water cooled side expansion boxes, pressure clamp
2012	Oftringen	Replacement slag chute
2012	Hannover L1 + L2	ALSTOM Firing grate > Modification from 2 to 1 lane, water cooled side expansion boxes, water cooling system
2011	Monthey L1+ L3	Modification see > Projects Design Manager > Furnace Construction Work Area
2011	Isle of Man	Modification water cooled side expansion boxes, pressure clamp
2010	Cottendart OL1	Modification of deflection beam
2009	Biel	Modification combustion air system and primary air bar.
